From the Principal: This past week he had some visitors to our school. Mrs. Frey visited the 2 - 8 classes and spoke with the students about Spiritual Adoption. The students were encouraged to "adopt" a baby that will be born near the end of this school year and pray for the baby and his/her parents. The presentation taught them a lot about prayer and the power prayers can have in the lives of others. In Miss Boals classroom her Dad and his business partner made a presentation about being inventors and the patent process. The students then presented their ideas for an invention to them. It was terrific to see how creative and how their imaginations work to come up with new ideas.

Hopefully you have had a chance to come in and discuss your student's progress with their teacher(s). I always enjoyed the partnerships that I formed with parents through Parent Teacher Conference appointments. It can make a tremendous difference in the success of your child in the classroom. Our school Mission Council is having a Food Drive. If you are able to donate some canned or boxed food items for those in need it would be greatly appreciated. The class with the largest ratio of food collected by students will receive a casual dress day.

Please keep our school in your prayers. It truly is a wonderful family of faith and fellowship. Take care, enjoy your family and take time for prayer and mass this weekend.

Go Bobcats!

Pastry Pickup: Reminder to pick up your delicious pastry orders in The ROCK on Monday, November 15th, from 1:00 – 3:00 pm. The 8th grade thanks you for supporting their class trip fundraising efforts!
